Evidence from web_search

The web sources discuss a Houthi drone attack on Tel Aviv, Israel, on July 19, 2024, which resulted in one death and several injuries. The attack, claimed by the Houthi movement, targeted an apartment building. The drone was not intercepted due to human error. Another source mentions a long-range Iranian-made drone hit Tel Aviv on the same date, also claimed by the Houthi militia, resulting in one death and four injuries.

Additionally, the New York Times reports a missile attack in Tel Aviv in December 2024, launched by Houthi militants from Yemen.
