Evidence

Evidence from `image_search`

Al Jazeera (<https://www.aljazeera.com/news/2024/10/6/israel-kills-26-in-strike-on-gaza-mosque-school-orders-more-evacuations>) reports on an Israeli strike on a Gaza mosque, published on October 6, 2024.

The other sources (<https://www.hrw.org/world-report/2024/country-chapters/israel-and-palestine>) and (<https://www.atlanticcouncil.org/blogs/menasource/one-year-after-hamass-october-7-terrorist-attacks-heres-how-the-region-changed/>) provide images of destroyed buildings.

Elaboration

The provided evidence does not mention an earthquake in Israel on October 5, 2024. The evidence includes reports and images related to the conflict in the region, including an Israeli strike on a Gaza mosque.

The images show destroyed buildings, but the cause of the destruction is not specified as an earthquake.

To verify the claim, information about seismic activity on the specified date is needed.

Final Judgement

The search results do not provide any information about an earthquake in Israel on October 5, 2024. The evidence focuses on the conflict in the region. Therefore, there is not enough

evidence to verify the claim. false

Verdict: FALSE

Justification

The search results from Al Jazeera (<https://www.aljazeera.com/news/2024/10/6/israel-kills-26-in-strike-on-gaza-mosque-school-orders-more-evacuations>) and other sources (<https://www.hrw.org/world-report/2024/country-chapters/israel-and-palestine>, <https://www.atlanticcouncil.org/blogs/menasource/one-year-after-hamass-october-7-terrorist-attacks-heres-how-the-region-changed/>) do not mention an earthquake in Israel on October 5, 2024. Instead, they focus on the conflict in the region, showing images of destroyed buildings.
