

Claim

Claim: "

This image shows a US facility come under attack in Baghdad on September 30, 2024 as the conflict between Israel and the Iran-backed militant group Hezbollah escalated."

Actions

```
reverse_search(![image 11](media/13.jpg))  
image_search("Baghdad facility attack September 30 2024")
```

Evidence

Evidence from **reverse_search**

The image

Evidence from `image_search`

Al Jazeera published an article on February 8, 2024, that includes an image of a burning car ([link](#))

). The Washington Post published an article about an attack on a facility in Baghdad ([link](#))

). The Denver Post published an article on August 19, 2023, commemorating the 20th anniversary of an attack on the UN headquarters in Iraq (

).
The provided sources do not contain information about the claim.

Elaboration

Insufficient information to verify the claim. The evidence does not contain any information about the image or the events described in the claim.

Actions

```
geolocate(![image 11](media/13.jpg))
```

Evidence

Evidence from **geolocate**

The most likely countries where the image was taken are: {'Nigeria': 0.13, 'United Arab Emirates': 0.09, 'Ukraine': 0.08, 'Chile': 0.05, 'Ecuador': 0.03, 'Ghana': 0.03, 'Taiwan': 0.03, 'Bangladesh': 0.02, 'Belgium': 0.02, 'Brazil': 0.02}

Elaboration

The geolocation analysis suggests that the image was not taken in Iraq. The most likely countries are Nigeria, the United Arab Emirates, and Ukraine. This contradicts the claim that the image shows a US facility in Baghdad.

Final Judgement

The image analysis and geolocation data contradict the claim that the image depicts a US facility in Baghdad. The geolocation analysis suggests the image was not taken in Iraq.

false

Verdict: FALSE

Justification

The claim is false. The image analysis and geolocation data contradict the claim that the image depicts a US facility in Baghdad. The geolocation analysis suggests the image was not taken in Iraq.
