, and another is from The Times of Israel (<https://www.timesofisrael.com/air-force-chief-reportedly-vows-to-keep-politics-away-from-service/>)

Evidence

Evidence from `image_search`

Al Jazeera reports on Hezbollah drone attacks targeting Tel Aviv, including an image of a destroyed building (

) (<https://www.aljazeera.com/news/2024/11/7/hezbollah-attack-drones-target-tel-aviv-army-base-as-israel-pounds-lebanon>). CNN reports on an explosion in Tel Aviv (

) (<https://www.cnn.com/2024/07/19/middleeast/israel-tel-aviv-explosion-us-embassy-intl-hnk>). ABC News published an article about an air strike (

) (<https://www.abc.net.au/news/2024-08-25/air-strike-inside-lebanon-israel-says/104267610>).

Elaboration

The new evidence reveals reports of Hezbollah drone attacks on Tel Aviv and explosions in the city. However, there is no mention of Major General Tomer Bar being killed in any of these attacks.

The claim remains unverified. The evidence confirms attacks in Tel Aviv but does not link them to the death of Major General Tomer Bar.

Final Judgement

The image searches confirm the existence of Major General Tomer Bar and report on attacks in Tel Aviv. However, there is no evidence to support the claim that Major General Tomer Bar was killed in a drone attack in November 2024.

The decision option that best applies is `false`.

Verdict: FALSE

Justification

The fact-check reveals that while Major General Tomer Bar exists and there have been reports of attacks in Tel Aviv, there is no evidence to support the claim that he was killed in a drone attack in November 2024. The search results from sources like [Al Jazeera](#) and [CNN](#) confirm attacks but do not mention his death.
