## Elaboration

The evidence confirms that Mayar Hamida (9 years old) and Bilal Hamida (6 years old) were killed in the Nuseirat refugee camp. According to [countercurrents.org](https://countercurrents.org), they died on July 6, 2024, when Israel bombed the UN Al Jaoni school. The Wikipedia article mentions a separate event, the "2024 Nuseirat rescue and massacre," which occurred on June 8, 2024, but does not mention the children. The CNN article does not mention the image.

The evidence supports the claim that the image shows Mayar and Bilal Hamida. However, the claim also states that they were killed along with their mother and grandmother, which is not mentioned in the provided evidence.

Therefore, the claim is partially supported by the evidence. The information about the children's deaths is confirmed, but the information about their mother and grandmother is missing.
