## Evidence

### Evidence from **reverse\_search**

From [Source](#): Found exact image on website with title: What! Normal toilet seat explodes in Noida home! And why this may ... Content: The Times of India published an article on May 14, 2025, about a toilet explosion in Noida, India.

The article states that the explosion was caused by methane gas buildup from a clogged drain.

## Elaboration

The image depicts a toilet that has exploded. The evidence indicates that the image was used in an article by The Times of India, published on May 14, 2025, about a toilet explosion in Noida, India, caused by methane gas buildup.

The claim states that the image shows the aftermath of a Hezbollah pager explosion in Lebanon in September 2024. This is inconsistent with the evidence, which identifies the image as being related to a toilet explosion in India.

Therefore, the claim is false.

## Final Judgement

The image shows a toilet that has exploded. The evidence indicates that the image was used in an article by The Times of India about a toilet explosion in Noida, India, caused by methane gas buildup. The claim states that the image shows the aftermath of a Hezbollah pager explosion in Lebanon, which is inconsistent with the evidence.

false

**Verdict: FALSE**

## Justification

The image depicts a toilet explosion in Noida, India, as reported by [The Times of India](#). The

claim that the image shows the aftermath of a Hezbollah pager explosion in Lebanon is false.
