Elaboration

The evidence suggests that Yoav Gallant was the Defense Minister of Israel and was not killed in the Iranian attack on October 1, 2024. The Times of Israel published an article about the attack on October 1, 2024, including a photo of Gallant. Furthermore, Al Jazeera reported that Gallant canceled a meeting on October 8, 2024, and NPR reported that he was fired on November 5, 2024. Therefore, the claim is false.

Final Judgement

The evidence indicates that Yoav Gallant was not killed in the Iranian attack on October 1, 2024. Multiple sources, including The Times of Israel, Al Jazeera, and NPR, provide information about Gallant's activities and status after the alleged attack. These sources show that Gallant was alive and active after the date of the attack.
