Condoms sent to which Gaza?

President Trump says his administration has stopped a \$50m plan to send condoms to Gaza. However, according to the United States Department of Health and Human Services, \$83m was sent to two provinces in Mozambique, including one called Gaza, more than 6,000km (3,700 miles) away - not to Palestine.

Elaboration

The claim is partially supported by the evidence. Al Jazeera (<https://www.aljazeera.com/news/2025/1/30/is-the-us-sending-50m-in-condoms-to-gaza-as-trump-claims>) reports that Trump claimed to have stopped a \$50 million plan for condoms in Gaza. However, the funds were intended for a province in Mozambique also named Gaza.

CNN and Fox News also report on the topic. The evidence suggests that the claim is related to a real event, but the details are potentially misrepresented.

Final Judgement

The evidence indicates that the claim is based on a real event, but the details are misrepresented. The funds were intended for a province in Mozambique named Gaza, not the Gaza Strip. Additionally, the role of DOGE in halting the payment is unclear.

Verdict: FALSE

Justification

The claim is misleading. While there was a plan involving US taxpayer money and condoms, the funds were intended for a province in Mozambique also named Gaza, not the Gaza Strip, as reported by Al Jazeera (<https://www.aljazeera.com/news/2025/1/30/is-the-us->
