## Elaboration

The evidence suggests that the US has not reinstituted the draft in 2024 for the Israel-Hamas war. One source includes an image with the text "IS THE DRAFT COMING BACK?" (<https://www.wgrz.com/article/news/verify/israel-hamas-war/no-us-military-draft-executive-order-israel-hamas-war-fact-check/536-e5115746-d86f-45a1-bf43-f180d76f13e0>), which implies that the draft is not in effect. Another source from RAND does not contain any content. The third source provides a map of the Israel-Hamas war, but it does not mention the draft.

## Final Judgement

The evidence indicates that the US has not reinstituted the draft in 2024 for the Israel-Hamas war. The search results include a source that directly addresses the question of a draft and states that it is not in effect.
