

## Claim

Claim: "This image shows an Israeli missile attack on Iran in the early hours of October 26, 2024."

## Actions

```
reverse_search(![image 9] (media/9.jpg))  
web_search("Israeli missile attack Iran October 26 2024")
```

## Evidence

### Evidence from **reverse\_search**

The Jerusalem Center for Security and Foreign Affairs published an article on June 19, 2025, titled "Iran's Kamikaze Doctrine: Strategic Suicide as Deterrence" which includes an image of an explosion at Isfahan (

). Times Now News published an article on October 26, 2024, discussing an Israeli attack on

Iran, and the image is used to illustrate the event. The National Council of Resistance of Iran (NCRI) website was last updated on

July 18, 2025, and the image is not present in the search result.

## Evidence from web\_search

The provided web sources discuss the events of October 2024 involving Israel and Iran. One source, a Wikipedia article, discusses "Operation True Promise II" where Iran launched ballistic missiles at Israel on October 1, 2024, in retaliation for the assassination of key figures. Another source, a CNN article, reports on Israeli strikes against Iran on October 26, 2024, as retaliation for the earlier missile barrage. The Associated Press also reports on Israeli airstrikes on military targets in Iran on October 26, 2024.

is shown in the CNN and AP articles.

## Elaboration

The claim that the image depicts an Israeli missile attack on Iran in the early hours of October 26, 2024, is supported by the evidence. The reverse image search confirms that the image is associated with an article discussing an Israeli attack on Iran on October 26, 2024, as reported by Times Now News. Furthermore, the web search results from CNN and AP also use the same image to illustrate the Israeli strikes on Iran on the same date.

## Final Judgement

The evidence indicates that the image is associated with an Israeli attack on Iran on October 26, 2024, as reported by multiple news sources. Therefore, the claim is factually accurate.

true

**Verdict: TRUE**

## Justification

The claim is supported by evidence from multiple news sources, including Times Now News, CNN, and AP, which use the provided image to illustrate Israeli strikes on Iran on October 26, 2024. Therefore, the claim is accurate.
