## Elaboration

The evidence confirms that Jamie White, an InfoWars reporter, was shot dead in Austin, Texas, on March 10, 2025. Alex Jones speculated that the killing could have been a hit orchestrated by Ukraine, and the "Investigate Earth Conspiracy Podcast" mentions that White may have been on a Ukrainian NGO hit list. However, White's sister does not believe there is a larger conspiracy behind her brother's killing.

The claim is partially supported by the evidence, as it confirms the shooting and the speculation about a Ukrainian hit list. However, the evidence also shows that the claim is disputed.

The evidence does not provide definitive proof that White was on a Ukrainian enemies hit list.

# Final Judgement

The claim that Jamie White was on a Ukrainian enemies hit list is not definitively supported by evidence. While some sources suggest this, other sources dispute it, and there is no conclusive proof. `false`

**Verdict: FALSE**

## Justification

The claim that Jamie White was on a Ukrainian enemies hit list is not definitively supported by evidence. While some sources, including Alex Jones, suggest this, and White himself believed he was on such a list, there is no conclusive proof. Other sources, such as [StopFake](#), dispute this, and White's sister and local police believe his death was unrelated to his journalistic activities.
