## Elaboration

The evidence indicates that in an interview with the Wall Street Journal on February 14, 2025, J.D. Vance stated the US could use military "tools of leverage" against Russia. The evidence does not explicitly state that the US military action is available against Russia, but it does imply it.

## Final Judgement

The evidence confirms that J.D. Vance made statements about potential US actions against Russia in an interview with the Wall Street Journal on February 14, 2025. While the claim states "military action is available," the evidence specifies "tools of leverage," which includes military options.
