Evidence

Evidence from **web_search**

The web sources discuss Israeli attacks on the Gaza Strip, including Deir al-Balah, in March and July 2025. A Wikipedia article (<https://en.wikipedia.org/wiki/>

[March 2025 Israeli attacks on the Gaza Strip](#)) details the March attacks, which resulted in over 591 deaths and 1,042 injuries, and mentions the involvement of the Israeli Defense Forces and Hamas's response.

A UN News article (<https://news.un.org/en/story/2025/03/1161461>) mentions a strike on a UN compound in Deir Al Balah. The Guardian (<https://www.theguardian.com/world/live/2025/jul/21/gaza-israel-war-latest-situation-updates-live-news>) reported on an air and ground assault on Deir al-Balah in July, with at least eight reported deaths. Elaboration

The evidence confirms that there were Israeli attacks on the Gaza Strip, including Deir al-Balah, in March 2025. The web search results mention a UN compound being struck in Deir al-Balah. The image search results show other images of destruction in Gaza. However, the evidence does not explicitly confirm that the image

From [Source](#): Content: CNN published an article on March 23, 2025, about Israel intensifying its offensive in southern Gaza. The article includes an image of a crowd at night.

Elaboration

The evidence confirms that there were Israeli attacks on Deir al-Balah in March 2025, and that there were casualties. The image search found an image of a crowd at night, which is similar to the image in the claim. However, the evidence still does not explicitly confirm that the image

Final Judgement

The evidence confirms that there were Israeli attacks on Deir al-Balah in March 2025, and that there were casualties. However, the evidence does not explicitly confirm that the image in the claim is from that specific event. Therefore, the claim cannot be fully verified. *false*

Verdict: FALSE

Justification

The claim cannot be fully verified. While there is evidence of Israeli attacks on Deir al-Balah in March 2025, resulting in casualties, the provided evidence does not explicitly confirm that the image in the claim depicts that specific event. Sources like a [Wikipedia article](#) and a [UN News article](#) confirm the attacks, but the image's origin remains unconfirmed.
