Elaboration

The evidence indicates that in April and May 2025, Israel's ambassador to Ethiopia was Abraham Negussie. The Ethiopian News Agency ([Source](#)) and Fana Media Corporation S.C. ([Source](#)) reported on April 2, 2025, that he was committed to strengthening ties.

The evidence does not support the claim that Ethiopia expelled Israel's ambassador in April 2025. Instead, it suggests the opposite, with the ambassador actively engaged in diplomatic efforts.

Therefore, the claim is false.

Final Judgement

The search results from April and May 2025 show that the Israeli ambassador to Ethiopia, Abraham Negussie, was actively engaged in strengthening ties between the two countries. This contradicts the claim that Ethiopia expelled the ambassador in April 2025.

false

Verdict: FALSE

Justification

The claim is false. Evidence from April 2025, reported by the Ethiopian News Agency ([Source](#)) and Fana Media Corporation S.C. ([Source](#)), indicates that the Israeli ambassador was actively working to strengthen ties, not being expelled.
