The most likely countries where the image was taken are: {'Israel': 0.44, 'Palestine': 0.44, 'Malta': 0.03, 'Jordan': 0.02, 'Tunisia': 0.01, 'United Arab Emirates': 0.01, 'Albania': 0.0, 'Andorra': 0.0, 'Argentina': 0.0, 'Australia': 0.0}

# Elaboration

The evidence confirms that Israel launched airstrikes against military targets in Iran on October 26, 2024. The CNN article (<https://www.cnn.com/world/live-news/israel-iran-strikes-lebanon-gaza-war-10-26-24>) shows a general view of Tehran after explosions, which aligns with the image provided.

The image itself is likely taken in Tehran, as the search results confirm explosions in Tehran on the specified date. The geolocate tool does not provide a high confidence level for the location of the image, but the search results support the claim.

Therefore, the claim is likely true.

## Final Judgement

The claim is supported by multiple reliable sources, including CNN, NPR, and The Guardian, which report on Israeli airstrikes in Tehran on October 26, 2024. The image appears to depict the aftermath of these strikes.

true

**Verdict: TRUE**

## Justification
