The Department of Defense Office of Inspector General (DoD OIG) released an audit of the DoD's execution of funds to assist Ukraine, revealing that the DoD did not provide sufficient documentation to support the justification or accuracy of half of the \$1.1 billion. The DoD OIG made five recommendations to DoD management. The audit can be found here: [Source](#).

The Institute for the Study of War (ISW) published a fact sheet dated February 8, 2024,

addressing claims about US aid to Ukraine. The fact sheet states that US oversight is extensive, and Ukrainian government oversight and accountability are extensive and growing. It also mentions that America’s European, Asian, and NATO allies have committed over \$178 billion to support Ukraine, which is more than the US will have committed counting the aid package currently under consideration. CLAIM	FACT
<i>US aid to Ukraine lacks oversight and is being misused because of corruption in Ukraine.</i>	US oversight is extensive, and Ukrainian government oversight and accountability are extensive and growing.
<i>The United States is giving more support to Ukraine than Europe, and Europe hasn’t stepped up.</i>	America’s European, Asian, and NATO allies have committed \$178 billion to supporting Ukraine, which is more than the US will have committed counting the aid package currently under consideration.
<i>Ukraine is another “forever war” for the United States.</i>	This is not an American war. It’s another nation’s war against an American enemy.
<i>Sending military aid to Ukraine degrades America’s military readiness.</i>	Sending military aid to Ukraine is enabling the United States to modernize its own military to be better prepared to fight the next war.
<i>The United States is sending Ukraine a “blank check.”</i>	The United States has not given Ukraine a “blank check.” Congress has appropriated specific amounts to be used for specific purposes. Both Ukrainian and US officials monitor the aid to ensure that it is used for those purposes.
