Evidence from web_search

Reuters (<https://www.reuters.com/world/middle-east/drone-launched-netanyahu-home-northern-israel-spokesman-says-2024-10-19/>) and Al Jazeera (<https://www.aljazeera.com/news/2024/10/19/drone-hits-netanyahus-home-as-hezbollah-rockets-target-northern-israel>) reported a drone attack on October 19, 2024, targeting Israeli Prime Minister Benjamin Netanyahu's home in Caesarea, Israel.

Both articles state that Netanyahu was not present and there were no casualties. The Al Jazeera article also mentions Hezbollah firing rockets at northern Israel.

Elaboration

The evidence confirms a drone attack on October 19, 2024, targeting Benjamin Netanyahu's residence in Caesarea, Israel, as reported by multiple sources ([Wikipedia](#), [The Times of Israel](#), [NBC News](#), [Reuters](#), and [Al Jazeera](#)). However, the evidence explicitly states that Netanyahu and his wife were not present during the attack and that there were no injuries.

The evidence does not mention Yair Netanyahu being killed in the attack. Therefore, the claim that Yair Netanyahu was killed in the drone attack is not supported by the provided evidence.

The claim is missing information about Yair Netanyahu's presence or involvement in the attack.

Final Judgement

The fact-check confirms a drone attack on October 19, 2024, on Benjamin Netanyahu's residence in Caesarea, Israel. However, the provided evidence does not support the claim that Yair Netanyahu was killed in the attack. The evidence explicitly states that Netanyahu and his wife were not present and there were no injuries.
