**Israel's land, air and sea blockade** has trapped more than two million people inside the Gaza Strip since 2007. No portion of Gaza's society or economy has been left untouched.

## Elaboration

The evidence indicates that Joan Laporta met with Isaac Herzog, the President of Israel, but the exact date is not specified. However, a Marca article featuring Joan Laporta was published on July 18, 2021. Additionally, a timeline from Al Jazeera shows military assaults on Gaza in 2021.

The claim states the meeting occurred in September 2024, which is not supported by the evidence. The evidence suggests the meeting happened before September 2024. The claim also mentions the ongoing Gaza war, which is partially supported by the timeline of attacks.

Therefore, the claim is likely false because the meeting date is incorrect.

claim is false because the meeting date is incorrect. false

**Verdict: FALSE**

### **Justification**

The image depicts the President of FC Barcelona with Israel Embassy Representatives. While the meeting did occur, it happened before September 2024, and the Gaza war was ongoing at the time, making the claim's specified date inaccurate.
