). The search result also contains an image of a DNA strand (

).

Relevant URLs: <https://www.timesofisrael.com/rabbinate-dna-tests-seek-jewishness-in-the-blood-become-a-bone-of-contention/>, [https://www.researchgate.net/publication/280846000 Genetic citizenship DNA testing and the Israeli Law of Return](https://www.researchgate.net/publication/280846000_Genetic_citizenship_DNA_testing_and_the_Israeli_Law_of_Return), <https://en.idi.org.il/articles/26956>.

## Elaboration

The Times of Israel discusses DNA tests in Israel, which suggests that DNA testing is not illegal in Israel. The provided URLs also discuss DNA testing in the context of Jewish identity and the Law of Return, further implying that DNA testing is a legal practice, although potentially subject to specific regulations or controversies.

The evidence does not explicitly state that DNA testing is illegal.

Therefore, the claim is likely false.

## Final Judgement

The search results and provided URLs discuss DNA tests in Israel, indicating that DNA testing is not illegal. The evidence suggests that DNA testing is a legal practice, although it may be subject to specific regulations or controversies.

The claim that it is illegal to do a DNA test in Israel is demonstrably false, as the evidence suggests that DNA testing is legal. `false`

**Verdict: FALSE**

## Justification

The claim is false. The search results and provided URLs, such as the one from the [Times of Israel](#), discuss DNA tests in Israel, indicating that DNA testing is not illegal.
