### **Evidence from `web_search`**

The web sources provide information about events in Gaza in December 2024. One source discusses an airstrike by the Israeli Air Force on December 12, 2024, in the Nuseirat refugee camp, resulting in at least 33 deaths. Another source, an Amnesty International report, concludes that Israel is committing genocide against Palestinians in Gaza, documenting Israeli actions between October 7, 2023, and early July 2024. The BBC News reported on Israeli strikes in Gaza on December 23, 2024, which resulted in the deaths of at least 28 people. The image
