Elaboration

The evidence provides information about the net worth of Joe Biden, Mitch McConnell, and Nancy Pelosi. However, there is no evidence to support the claim that the image is an authentic list released by Ukraine showing US politicians taking bribes. The search results mention articles about corruption in Ukraine and the US, but they do not validate the image's authenticity or the bribery allegations.

To verify the claim, I would need evidence from a credible source confirming the image's origin and the accuracy of the information presented. Specifically, I would need to see the original document released by Ukraine and corroborating evidence of the alleged bribes.
