

Claim

Claim: "

This image shows tents engulfed in flames after the Iranian strikes against Israel on October 1, 2024."

Actions

```
reverse_search(![image 46] (media/75.jpg))
```

Evidence

Evidence from **reverse_search**

The image

Elaboration

The reverse image search did not yield any results. Therefore, I cannot verify the claim. I need more information to determine the image's origin and context.

Evidence

Evidence from **web_search**

The web sources discuss the Iranian strikes against Israel on October 1, 2024. NPR (<https://www.npr.org/2024/10/01/g-s1-25707/iran-israel-hezbollah-lebanon-attack>) reports on the

strikes, including images of Israelis taking shelter

Evidence from **image_search**

The NBC News article includes an image of tents on fire

Elaboration

The web search confirms that Iranian strikes against Israel occurred on October 1, 2024. The image search reveals an image of tents on fire. However, the provided evidence does not confirm that the image in the claim depicts tents on fire due to the Iranian strikes.

Insufficient information is available to verify the claim.

```

Evidence

Evidence from **image_search**

Al Jazeera published an article on October 14, 2024, about tents on fire in Gaza, including an image of tents on fire

Elaboration

The image search reveals an image of tents on fire in Gaza. However, the provided evidence does not confirm that the image in the claim depicts tents on fire due to the Iranian strikes.

Insufficient information is available to verify the claim.

Final Judgement

The image search did not yield any results. The web search confirms that Iranian strikes against Israel occurred on October 1, 2024. However, the provided evidence does not confirm that the image in the claim depicts tents on fire due to the Iranian strikes.

The claim cannot be verified because there is not enough evidence to confirm the image's origin and context. *false*

Verdict: FALSE

Justification

The claim cannot be verified. While there were Iranian strikes against Israel on October 1, 2024, and images of tents on fire exist, the provided evidence does not confirm that the image in the claim depicts tents on fire due to those strikes. The reverse image search did not yield any results, and further searches did not link the image to the specific event.
