Elaboration

The evidence confirms that Greta Thunberg declared "f-k Israel" at a rally in Germany in December. However, the evidence does not show that she held a sign with the words "FUCK ISRAEL" in November 2024.

Therefore, the claim is not supported by the evidence.

Final Judgement

The image is authentic, but the claim that Greta Thunberg held a sign reading "FUCK ISRAEL" is not supported by the evidence. While she did make the statement, there is no evidence of her holding a sign with those words. Therefore, the claim is misleading.
misleading

Verdict: MISLEADING
