The web sources describe the 9/11 Living Memorial Plaza in Jerusalem, Israel, which was completed in 2009. The memorial, designed by Eliezer Weishoff, features a bronze sculpture of a waving American flag transforming into a flame and includes a remnant from the Twin Towers. The memorial also has plaques with the names of the victims.

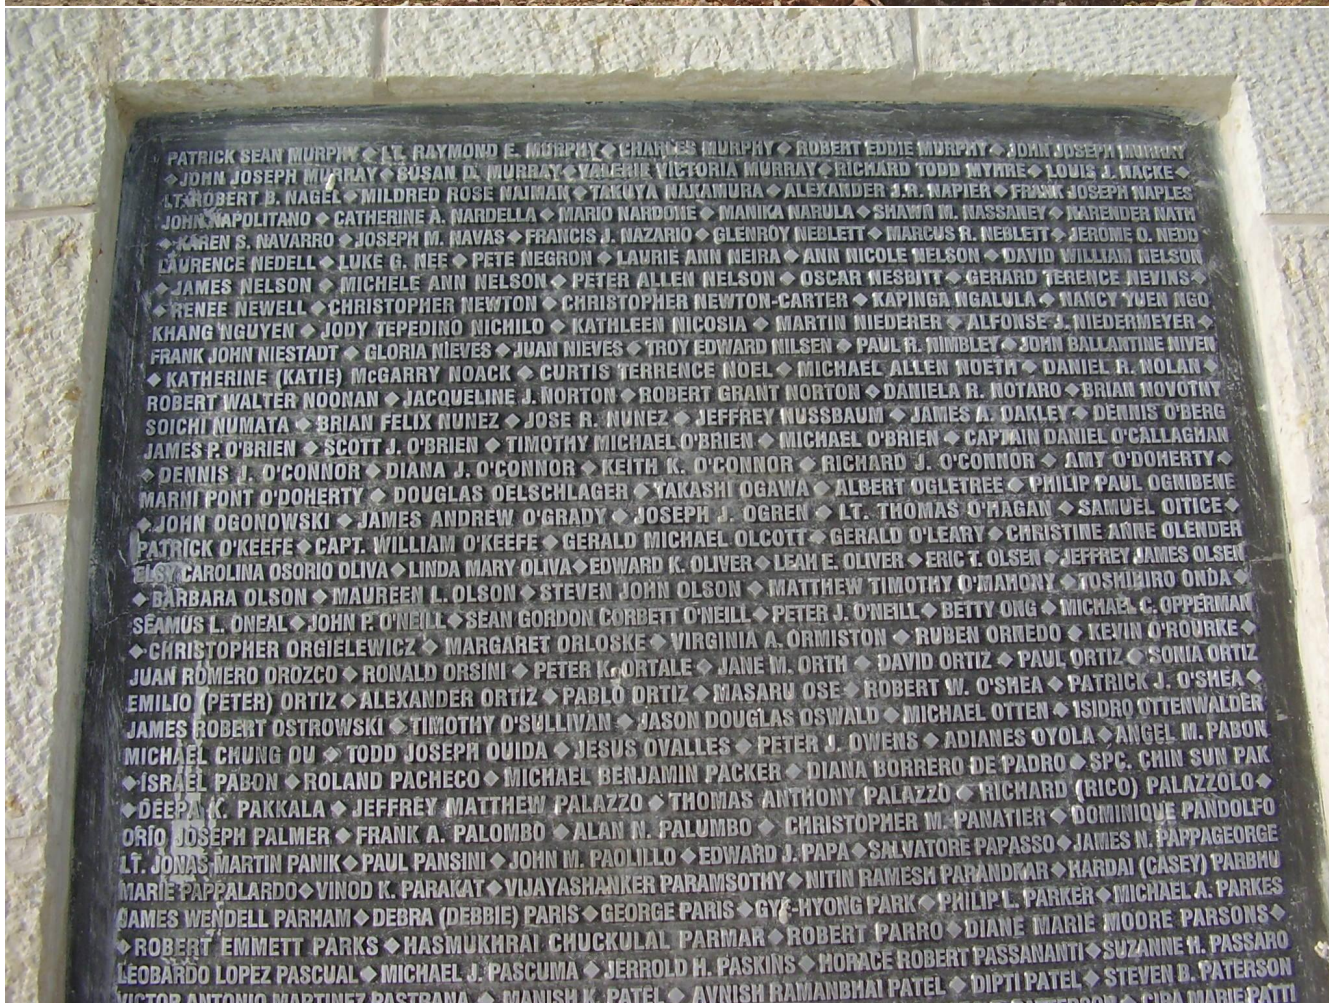

This metal remnant was taken from the remains of the Twin Towers that imploded in the September 11, 2001 disaster. It was sent over to Israel by the City of New York to be incorporated into this memorial. This metal piece, like the entire monument, is a manifestation of the special relationship between New York and Jerusalem and an expression of gratitude to Keren Kayemeth Lelsrael - Jewish National Fund whose initiative and the generous contribution of its supporters made this monument possible.

The memorial is located in Jerusalem Park and honors the victims of the September 11 attacks, including five Israelis.

Elaboration

The evidence confirms that the image depicts the 9/11 Living Memorial in Jerusalem, Israel. The memorial is dedicated to the victims of the September 11 attacks. However, the evidence does not explicitly state whether this is the only 9/11 memorial outside the US.

To verify the claim, it is necessary to determine if there are other 9/11 memorials located outside of the United States.
