Evidence

Evidence from `image_search`

Reuters reported on October 8, 2024, that Israeli Defense Minister Yoav Gallant postponed a visit to Washington (<https://www.reuters.com/world/israels-defense-minister-gallant-postpones-visit-washington-pentagon-says-2024-10-08/>).

Al Jazeera published an image of Benjamin Netanyahu and Yoav Gallant (<https://www.aljazeera.com/news/2024/11/5/israels-benjamin-netanyahu-fires-defence-minister-yoav-gallant>).

NPR published an image of Yoav Gallant (<https://www.npr.org/2024/11/05/nx-s1-5179904/israel-defense-minister-gallant-fired-netanyahu>).

Elaboration

The evidence indicates that Yoav Gallant was alive after October 1, 2024. Reuters reported on October 8, 2024, that he postponed a visit to Washington (<https://www.reuters.com/world/israels-defense-minister-gallant-postpones-visit-washington-pentagon-says-2024-10-08/>). Additionally, images from Al Jazeera and NPR show him alive in November 2024 (<https://www.aljazeera.com/news/2024/11/5/israels-benjamin-netanyahu-fires-defence-minister-yoav-gallant>, <https://www.npr.org/2024/11/05/nx-s1-5179904/israel-defense-minister-gallant-fired-netanyahu>).

The claim that Gallant was killed in the Iranian attack on October 1, 2024, is therefore false.

Final Judgement

The evidence, including a Reuters report from October 8, 2024, and images from Al Jazeera and NPR from November 2024, shows that Yoav Gallant was alive after the alleged date of his death. This directly contradicts the claim.
