Elaboration

The evidence confirms that the Okhmatdyt children's hospital in Kyiv was hit by Russian missiles on July 8, 2024. The image

Final Judgement

The evidence confirms that the Okhmatdyt children's hospital in Kyiv was hit by Russian missiles on July 8, 2024. The image shows the aftermath of the attack, including children's toys amidst the rubble. The claim that the toys were photoshopped is not supported by the evidence.

The claim is demonstrably false because the image depicts the aftermath of a real attack on a children's hospital, and the presence of toys is consistent with the context. `false`

Verdict: FALSE

Justification

The claim is false. Multiple sources, including the [Kyiv Independent](#), [Human Rights Watch](#), and the [United Nations](#), confirm that the Okhmatdyt children's hospital in Kyiv was hit by Russian missiles on July 8, 2024. The image depicts the aftermath of the attack, and the presence of children's toys is consistent with the context.
