

# Claim

Claim: "

This image shows Israelis fleeing the airport after the Houthis attack on July 19, 2024."

## Actions

`reverse_search(![image 60] (media/93.jpg))`

## Evidence

### Evidence from **reverse\_search**

The image

## Elaboration

The provided evidence does not contain any information about the image. Therefore, I cannot verify the claim.

## Actions

```
image_search("airport crowded people luggage")  
image_search("Israel airport Houthis attack")
```

## Evidence

### Evidence from `image_search`

The search results show images of crowded airports with people and luggage. One image shows a crowded baggage carousel at an airport (

). Another image

depicts a lot of people getting luggage at the airport (

). A third image shows people waiting in line with luggage at the airport (

).

### **Evidence from `image_search`**

The Times of Israel published an article about the Houthis assessing damage from Israeli strikes on an airport, including an image of a damaged plane (

). CNN reports that flights were halted at an Israeli airport (

). The BBC News website contains an image of construction vehicles and workers on a road (

).

## Elaboration

The evidence contains images of crowded airports and damage at an airport. However, there is no information to confirm that the image in the claim shows Israelis fleeing the airport after a Houthi attack.

Insufficient information to verify the claim.

## Actions

```
image_search("Israel airport crowded July 2024")
```

## Evidence

### Evidence from **image\_search**

The Times of Israel published an article about Israelis flocking to the airport for Passover vacations, including an image of a crowded airport (

). Ynetnews.com also shows an image of a crowded airport with people waiting in line (

).

## Elaboration

The evidence shows images of crowded airports in Israel. However, there is no information to confirm that the image in the claim shows Israelis fleeing the airport after a Houthi attack on July 19, 2024.

Insufficient information to verify the claim.

## Final Judgement

The image search results show crowded airports in Israel, but there is no evidence to support the claim that the image depicts Israelis fleeing the airport after a Houthi attack on July 19, 2024. Therefore, the claim cannot be verified. false

**Verdict: FALSE**

### **Justification**

The provided evidence does not contain any information to support the claim that the image shows Israelis fleeing the airport after a Houthi attack on July 19, 2024. While image searches revealed crowded airport scenes in Israel, there is no connection to the specific event described in the claim. Therefore, the claim is unverified.
