image_search("Ramat David airbase attack September 22 2024")
```

## Evidence

**Evidence from `reverse_search`**

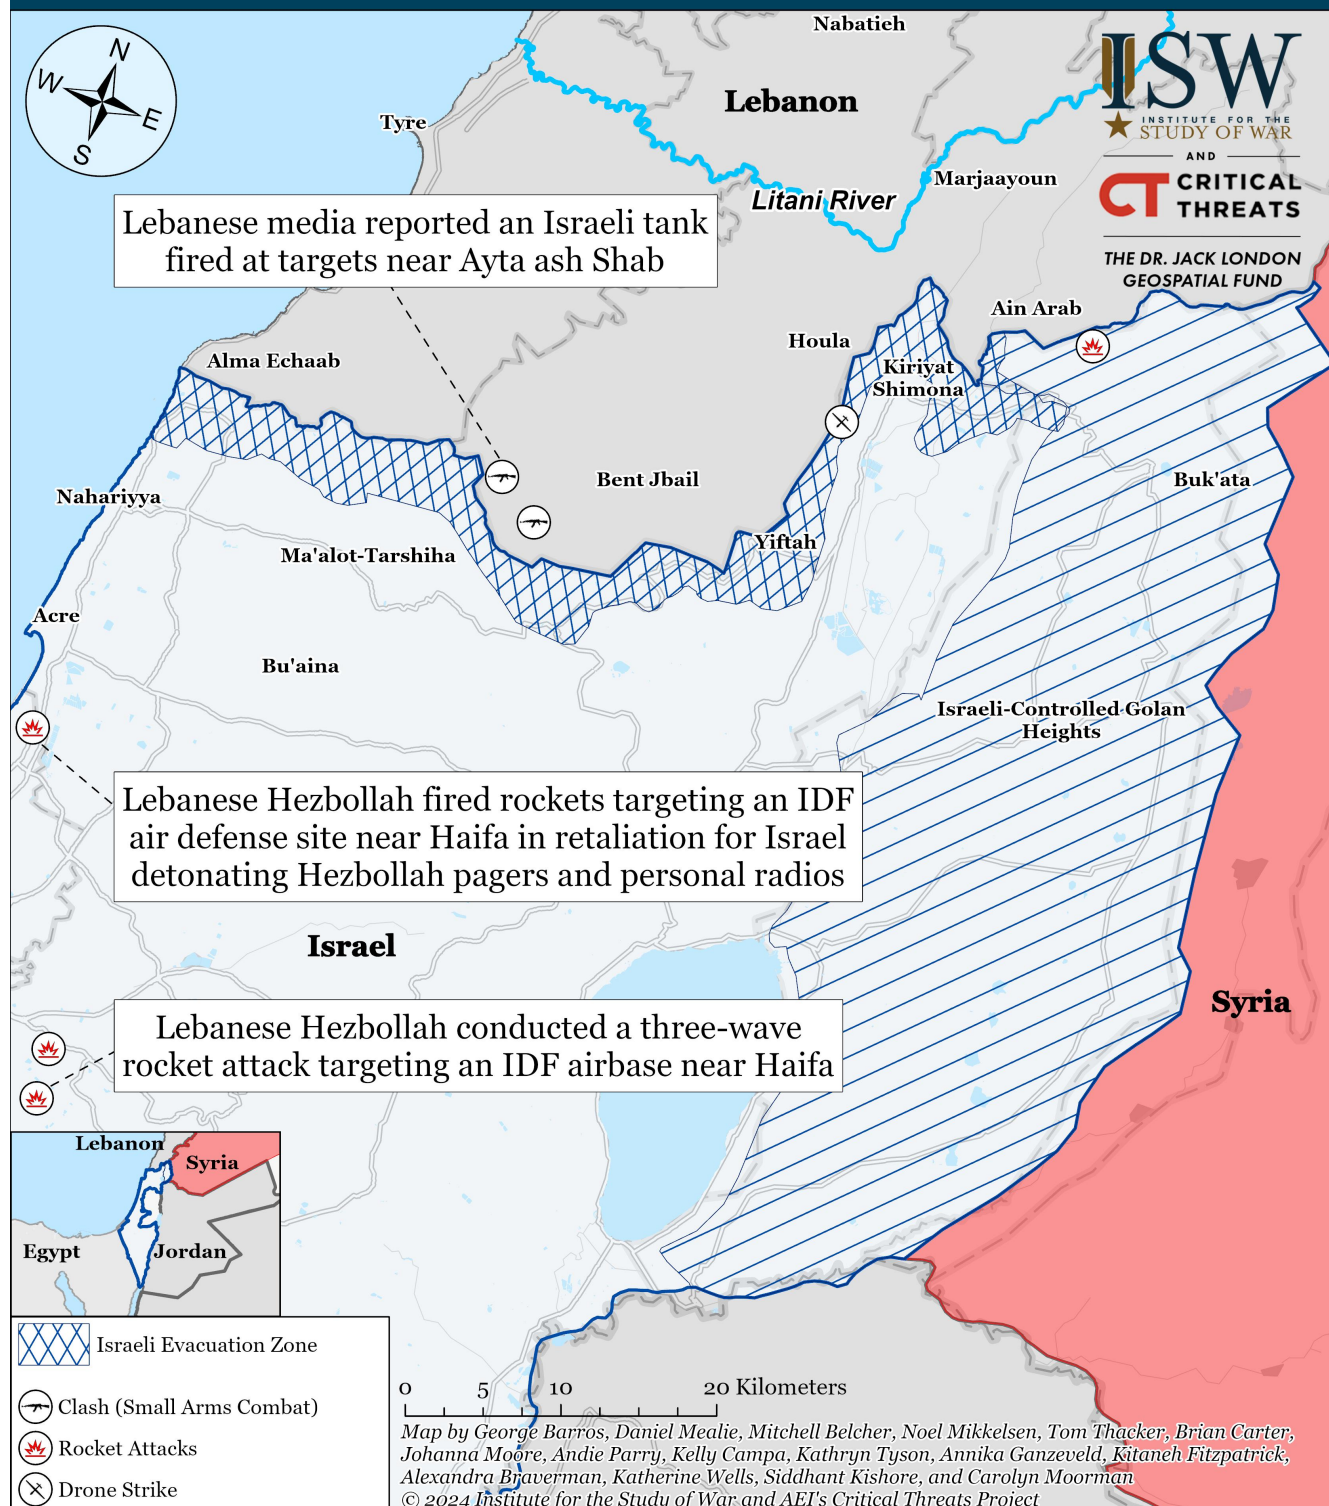

The image

Evidence from `image_search`

From [Source](#): Content: The Institute for the Study of War and Critical Threats published a map showing attacks into Northern Israel from Lebanon on September 22, 2024.

## Attacks into Northern Israel from Lebanon As of September 22, 2024 at 2:00 PM ET

The map shows that Lebanese Hezbollah conducted a three-wave rocket attack targeting an IDF airbase near Haifa.

## Elaboration

The evidence suggests that there was an attack on an IDF airbase near Haifa on September 22, 2024, as reported by the Institute for the Study of War and Critical Threats. However, the

evidence does not confirm that the image depicts the Ramat David airbase or that the attack was carried out by Hezbollah.

The image search results do not provide any information about the authenticity of the image.

Therefore, the claim cannot be verified with the available information. Additional information is needed to confirm the location of the airbase in the image and the details of the attack.

## **Final Judgement**

The provided evidence confirms that there was an attack on an IDF airbase near Haifa on September 22, 2024. However, the evidence does not confirm that the image depicts the Ramat David airbase or that the attack was carried out by Hezbollah.

The claim is not factually accurate because there is not enough evidence to verify the claim.  
false

**Verdict: FALSE**

## **Justification**

The claim is not supported by the evidence. While there was an attack on an IDF airbase near Haifa on September 22, 2024, as reported by the Institute for the Study of War and Critical Threats ([Source](#)), the provided evidence does not confirm that the image depicts the Ramat David airbase or that the attack was carried out by Hezbollah.
