Elaboration

The claim that Volodymyr Zelenskyy's approval rating was at 4% in February 2025 is not supported by the evidence. Euronews.com reported a 57% approval rating for Zelenskyy in February 2025. Additionally, a Reuters/Ipsos poll from February 25, 2025, indicates a 44% approval rating. Data from KIIS.com.ua shows the Ukrainian president's approval rating at 63% between December 2024 and January 2025.

Final Judgement

The evidence contradicts the claim. Multiple sources show Zelenskyy's approval rating in February 2025 to be significantly higher than 4%.

false

Verdict: FALSE

Justification

The claim is false. Evidence from multiple sources, including Euronews.com and a Reuters/Ipsos poll, indicates that Volodymyr Zelenskyy's approval rating in February 2025 was significantly higher than 4%. Specifically, Euronews.com reported 57%, and the Reuters/Ipsos poll showed 44%. Additionally, data from KIIS.com.ua shows a 63% approval rating between December 2024 and January 2025.
