Evidence from web_search

The web sources discuss the March 2025 Israeli attacks on the Gaza Strip, which began on March 18, 2025, and resulted in numerous casualties. The attacks, involving airstrikes, artillery, and missile barrages, targeted various locations in Gaza, leading to a humanitarian crisis. Amnesty International reported that the strikes killed at least 414 Palestinians, including 174 children. Al Jazeera reported on Israeli air attacks in Gaza that killed dozens of people on March 30, 2025, and mentioned the recovery of bodies of medical workers and the deteriorating humanitarian situation.

Elaboration

The claim is likely false. While the image is associated with Gaza and the context of conflict, the evidence does not confirm the image's authenticity or the specific details provided in the claim (mother, son, March 2025, etc.). The image has been used in multiple contexts, and the search for its origin did not yield definitive results.

Final Judgement

The image in the claim is associated with Gaza and the context of conflict, but the evidence does not confirm the image's authenticity or the specific details provided in the claim. The image has been used in multiple contexts, and the search for its origin did not yield definitive

results. Therefore, the claim is likely false. false
